

Dear NSW Class Action Applicants,

We are so happy to announce that Maatouks Law Group has been working very hard to put together a solid class action challenging government mandates in NSW in relation to vaccination and other lockdown measures.

Advocate Me, has been on the ground networking with clients and researching information and Maatouks are delighted to now work with Advocate me to receive their advocacy and administrative services.

For this reason, our data bases have been merged and we are now delighted to let you know that we have officially engaged the services of Senior and Junior Barristers, who have provided us with pivotal direction in relation to putting together a solid case before the courts.

We believe that a class action representing thousands of voices, is the right strategy here. We don't agree with cases that go to court, unprepared, with only solo voices going up against the power of government. Being prepared, means bringing on board the right experts, the right legal argument, and the right strategy. Thousands of voices through a class action, is the best strategy, otherwise, the risk of failure is magnified.

It is also critical; that as part of devising a solid strategy, that we select the perfect lead applicant. We have number of potential leads; however, we want to pick someone who is very deeply impacted by the one of the government vaccination orders.

Thank you all for your applications; we are very keen on moving this matter forward and to not duplicate what other lawyers might be doing simultaneously. In order for us to select the most appropriate lead applicant; you need to meet the following:

1. Been directly impacted by a NSW public health order, to receive at least one dose of the Covid-19 vaccination;

2. Has either lost their employment or been threatened with termination from employment, for exercising their informed consent not to take the Covid-19 vaccine;
3. Is preferably in one of the following industries:
 - Airport/Airline employee;
 - Child Care worker
 - Teacher
 - Health Care worker (Nurse, Disability worker, Aged Care worker)
 - Construction Industry worker;
 - Frontline worker, such as Police, Paramedics, Armed Service officers.
4. It is important that you don't own any property or have any significant cash or assets in your name;
5. If you are young with few attachments, that would be preferable; or alternatively, an older person with a 'nothing to lose attitude'.

It is important for us to move quickly so if your profile fits within the above criteria and you are 100% confident of acting as the Lead Representative; then please send an email to Ashleigh@maatouks.com.au with "URGENT LEAD" in the subject line and very briefly outline your circumstances, and we will be in contact. Please DON'T send an email if you don't wish to be a Lead, thank you for understanding.

In the meantime, we ask that all people who have pledged donations to assist with and kindly make those donations urgently as we want to be in Court within the next 7 days!

Kind regards **MAATOUKS LAW GROUP**

PETER MAATOUK Principal Solicitor and Barrister
